Unlimited Technical Support

- ✓ Your Cloud Network
- ✓ Your Local Network
- ✓ Your Users
- ✓ Your Applications
- ✓ Your Network Devices
- ✓ Your Mobile Devices

Virtual Desktops

All ACP users receive their own dedicated, secure, virtual desktop in the cloud. Each user also gets Office 365 Enterprise E3 including unlimited email and MS Office 2016. ACP also comes with Anti-malware for the virtual and local desktops.

[Click for more information on Office 365](#)

Virtual Servers

All ACP Servers are dedicated to your firm, and hosted by the largest cloud provider in the world Amazon Web Services (AWS). All ACP clients are individually encrypted and enjoy the finest security in existence in AWS' massively redundant facilities. Enjoy safe and secure access to your entire network from anywhere at anytime.

Storage

All storage in your ACP system is Solid State, fully encrypted and redundant. Storage quantities are unlimited so if you need more it can be added at any time. Note: Email storage is also unlimited but is stored in the Microsoft Office 365 system that comes with your system.

ACP Features and Options

Afinety Cloud Platform (ACP)
